## Where is my Webster University email and how do I use it?

All Webster University students, faculty, and staff have a Webster University email account. This email is the university's official means of communication with you, and it is your responsibility to check it regularly or [have it forwarded](#) to a personal account. It is important to note that your Webster University email is [not the same as the Inbox](#) which is inside WorldClassRoom.

Your Webster University email address is your Connections User Name, with @webster.edu on the end.

**Example:** If your Connections User Name is *garygorlok99*, your Webster University email is *garygorlok99@webster.edu*.

**Note:** Students, faculty and staff connected with one of Webster's international campus locations may also be assigned a local Webster email account specific to the international location, such as @webster.ch or @webster.ac.at. However, when connected to online courses, the @webster.edu account becomes the official email account. Please check with your interational campus for more information.

To find your Webster University email account, login to your [Connections](#) account, and locate

the **Email** icon near the top right.

For more information about your Webster University email account, please review this short video:
