Turnitin

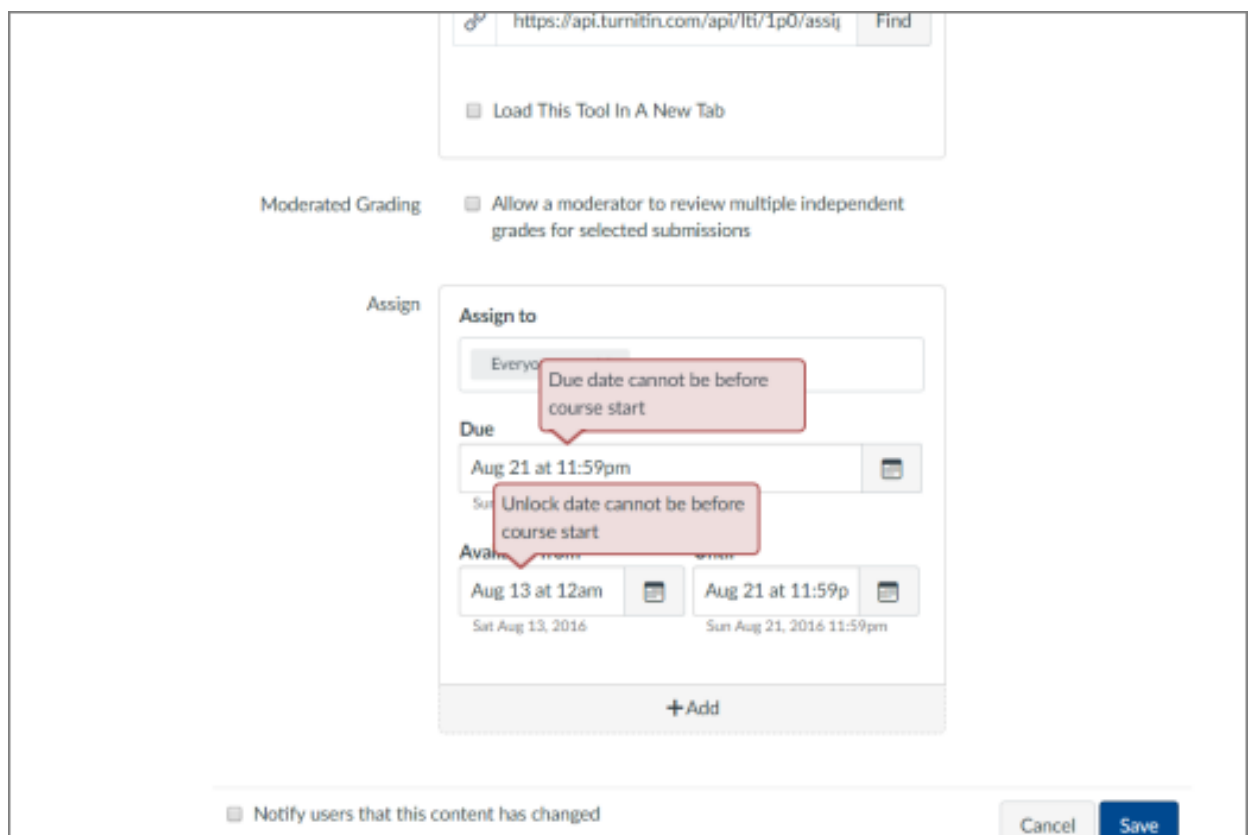

Here are the Turnitin guides that will assist you with creating, managing, and grading assignments that have Turnitin enabled.

- [How do I create an assignment that uses Turnitin?](#)
- [How do I change Turnitin settings?](#)
- [What are the optional settings?](#)

In addition, the Academic Resource Center has made some recommendations on the settings to be used in Turnitin-enabled Assignments: [What are the Recommended Settings for Turnitin Assignments?](#)

Issues with dates

1. Click on the course and go to **Assignments**.
2. Click on the first Assignment that has Turnitin enabled. You may encounter an error message if your dates are out of range. The next steps will fix that.

The screenshot shows the Turnitin assignment settings interface. At the top, there is a URL bar with 'https://api.turnitin.com/api/lt/1p0/assig' and a 'Find' button. Below the URL bar is a checkbox labeled 'Load This Tool In A New Tab'. The 'Moderated Grading' section has a checkbox labeled 'Allow a moderator to review multiple independent grades for selected submissions'. The 'Assign' section is highlighted, showing the 'Assign to' dropdown set to 'Everyone'. The 'Due' date is set to 'Aug 21 at 11:59pm'. Below the 'Due' date, there is a red error message box that says 'Due date cannot be before course start'. The 'Available from' section shows two dates: 'Aug 13 at 12am' (Sat Aug 13, 2016) and 'Aug 21 at 11:59p' (Sun Aug 21, 2016 11:59pm). Below these dates is a red error message box that says 'Unlock date cannot be before course start'. At the bottom of the 'Assign' section is a '+Add' button. At the bottom of the entire settings page, there is a checkbox labeled 'Notify users that this content has changed' and two buttons: 'Cancel' and 'Save'.

3. Click **Edit** on the assignment to change or verify the due dates for the current term.
4. Save the edits to the assignment.

5. Once you have set your dates, then you will see the **Turnitin User Agreement** terms appear.

You will need to accept these once.

6. Below the assignment you will see the **Turnitin assignment Inbox**.

Assignment Inbox Settings Helpdesk

There's nothing here yet.
Submissions will appear here once students have started to submit to the assignment.

7. All student submissions for the assignment will appear here. You will also still be able to access the assignments from your To Do list and from the Gradebook.

Known Issues

- Rubrics and Peer Review set-up will no longer appear just below the assignment. Students should be able to view the rubric from their Grades area.
- Group Assignments cannot be used with Turnitin.
